

Trans 4 Mations Appointment Visits

Having decided that you want to do something with your kitchen, bedroom or home office, the remaining decisions you make about style, finish and colour will need your full attention.

You will need someone to help you plan your new kitchen, bedroom or home office, but who needs the high pressure sales visit, the badgering phone calls and the barrage of mailings that seem to follow an enquiry?

At Trans 4 Mations, we believe in treating you as we would expect to be treated, and we make it our policy to focus on providing a quality, good value and honest service to help you achieve what you are looking for.

Trans 4 Mations provide a free, no obligation home visit service where you can discuss your ideas with a professional. We will carry out a survey, and produce easy to understand hand drawn plans that bring your dream kitchen bedroom, or home office to life.

Once the basic design is drawn out, we will take you through the choices of colour, style and finish that are available, and leave you with an idea of the price.

We will not pressure you for a decision or plague you with constant phone calls chasing your order.

Within a few days, we will send you an itemised list of the choices you have made, showing the breakdown of all the individual costs so that you can choose what you want to do and still keep within your budget.

Depending on the design the hand drawn plans are converted into a virtual model using the most up to date computer aided software bringing your kitchen, bedroom or home office to life before your eyes.

Once you have placed your order, your fitted kitchen, bedroom or home office furniture can be made and ready for installation in as little as four weeks.

We only use our own qualified, professional fitters and carpenters so that your installation conforms to craftsmanship of the very highest standard.

Trans 4 Mations offers a true no obligation kitchen and bedroom design visit throughout Kent where the only decision you need to make is how you want your room to look.

No sales gimmicks, no hard sell, no pressure. Just the traditional values of honesty, integrity and respect.
