

Trans 4 Mations Kitchen Replacement

With a replacement kitchen, let your imagination run wild!

Have what you want, where you want it.

A replacement kitchen is exactly that – out with the old, in with the new. And with Trans 4 Mations it costs less than you might think.

Having determined how your new kitchen should look, from layout to finish to accessories and appliances, our kitchen designer will transform your ideas from hand drawn plans into a virtual reality using the latest computer design software, allowing you to take a ‘virtual walk’ round your brand new kitchen.

With every piece of kitchen furniture made to order – nothing from us comes flat packed – and installed by our experienced kitchen fitters, the only difficult decision to make is choosing from the 50 styles in 42 different finishes.

For that extra luxurious look how about solid wood doors? We have an extensive selection of luxury solid wood doors in a wide choice of finishes.

How about the worktops? Choose from our extensive range of Formica or corrian surfaces? Or for that extra luxurious feel how about solid wood or granite? We can even transform your existing worktop with a new 8mm granite surface.

We have a huge range of kitchen appliances and accessories ranging from clever practical labour saving devices, to designer products

We don't focus on sales gimmicks and the hard sell. At Trans4Mations, what matters to us is the quality and honesty of our service and helping you create the kitchen you deserve.
